DPD-8466-59

14 December 1959

SUBJECT: Requirement for Personnel Information

TO : All Suppliers

It would be very beneficial to the WSP0 to have a current listing of all key personnel in your organization who are directly concerned with the administration and control of WSP0 contracts. It is, therefore, requested that an organizational chart or listing be submitted identifying these individuals by name and job title.

For your information, the WSP0 is staffed by both AMC and ARDC personnel. As you are undoubtedly aware, the WSP0 is under the overall direction of Lt. Colonel Sidney W. Brewer. Captain Don Seehafer and Mr. Walter E. Smith complete the AMC staff. The ARDC engineering function is handled by Mr. Floyd Redding.

The WSP0 is located in Building 15, Room 008, Area "B", Wright-Patterson AFB, Ohio. Telephone contact can be made by calling Dayton, Ohio, Clearwater 3-7111, Extensions 29290, 29118, or 24254.

Very truly yours,

Dan
